MESSAGE

FROM THE VICE CHANCELLOR

Dear Colleagues,

This year, we remain focused on enhancing our students' experience. Through the many initiatives in place, we hope to continue providing our students with the best on-campus experience as possible be it academically or in their extra-curricular activities. We have had many changes along the way in this New Year and we welcome new faces to the INTI community.

In the semester to come, let's continue our efforts in giving our students greater care and attention further to making them feel at home. Let's focus our attention in nurturing the young minds that pass through our hallways in hopes that we will be inspirational to the development of tomorrow's future leaders.

INTI has embarked on a journey to revitalize its Purpose, the INTI Purpose. In the past few months we have involved many leaders across INTI to develop the INTI Purpose, comprising our belief, our vision, our mission and our values. We have recently shared the outcome of our discussions in the town hall meetings.

The next step in our journey is to make the INTI Purpose come alive. We would like to make sure that everyone understands and embraces our INTI Purpose. And we would like to make sure that everyone stands firm on our S.T.A.R.S. values and works together to realize our vision and mission.

As you are aware, we have coordinated the workshops with all INTI employees to discuss the INTI Purpose. Amongst others, we have made the S.T.A.R.S values more explicit by defining the guiding principles and further specified our vision.

We thank you for your participation and input during the INTI Purpose workshop and especially on the guiding principles for the S.T.A.R.S. values. We hope that these series of workshops have greatly benefited you in finding your INTI Purpose.

Together let's continue reinventing education for our students!
