

Staff Newsletter

August & September 2013 Issue

INTI
International University
LAUREATE INTERNATIONAL UNIVERSITIES*

Message from the Vice Chancellor

Professor Dr. Allan Fisher

Dear Colleagues,

This newsletter issue reports on a multitude of university activities, as well as on significant accomplishments of our talented students and staff. I know you'll enjoy reading it. We also note a number of new additions to the INTI IU team; welcome to all, as well as those not shown here, who will be honored at our upcoming Town Hall meeting.

I do want to comment on one new team member in particular, Dr. Irene Tan. Dr. Irene comes to us with degrees from the Universities of Malaya and Northern Iowa, and from a distinguished career at Taylor's and UCSI.

INTI on the Go

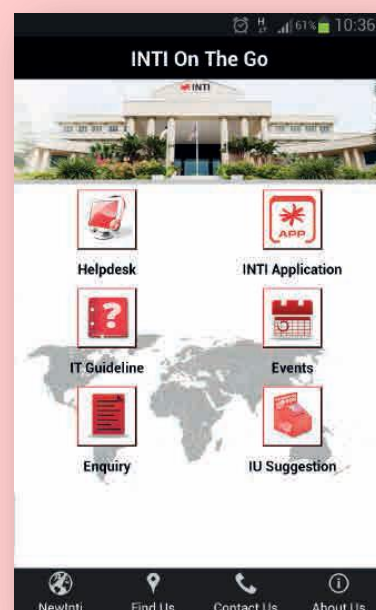

New Android Application for INTI IU Staff and Students

INTI International University recently launched 'INTI on the Go', a new Android application that provides virtual assistance to INTI staff and students.

INTI on the Go features Helpdesk, Blackboard, Google eMail, eCampus, Suggestion Box and Helpline. It also informs users on the current events across INTI campuses.

She occupies the new post of Pro Vice Chancellor for Student Experience. In this role, she is the focal point for our INTI core value of student-centricity, and will work to integrate the student experience efforts of all of our departments and functional areas. It's important to understand that by student experience we mean not just student services and activities, but the holistic context in which students develop as scholars, individuals, citizens, and professionals.

I have given Dr. Irene the modest challenge of developing the best student experience in Malaysia. Both she and I know we will succeed only with the help and dedication of the entire team. At the same time, we are confident we can get there! I look forward to your support of her efforts, and her support of yours. *
