How a Stomp performer becomes a maker

PROJECT

- 97 An artisanal glassblower brings back a staple of classic American fishing
By C.J. Chivers

STUPID OR AMAZING?

- 112 Hoverboards
By Matt Goulet

They go where no one else dares, attempt the unknown, and speak up for the voiceless. These are the men and women—and action figures—with the fortitude to get the impossible done.

INVISIBLE WARRIORS

Officially, the United States government does not acknowledge that Delta Force even exists. Yet in 2015, special-ops fighters were deployed to 147 countries, the most ever. Meet the new, secret face of war.

THE SEARCH FOR THE GUN THAT
KILLED RANDOLPH HOLDER

When the gun that killed a New York cop was tossed into the Harlem River last October, the NYPD sent a specialized scuba team to trawl two acres of muddy riverbed to find it.

BY REEVES WIEDEMAN

74

MY TRACTOR
YEAR

One year, one acre, and a million jobs to finish. Four seasons of work with the stalwart of the yard, the Kubota BX25D-1 tractor.

HOW TO MOVE A
LIGHTHOUSE

As an eroding coastline threatened to engulf the Gay Head Lighthouse, the community in Martha's Vineyard rallied against near impossibility to keep the light on.

BY KEVIN DUPZYK
