

PRODUCTION OF A 2D ANIMATION ENTITLED 'FAIRY IN THE WONDERLAND'

Prepared by: Kang Ai Shi

ABSTRACT

The aim of this project is to develop a 2D animation movie about a fairy that enter to human world and learns some moral values. The story starts from a naughty a fairy who makes her father angry and the father which is King of God decide to punish her by sending her go to human world with limited magic power. She helps humans in a fire encouragement from a guy. After that with some funny incidents they get together and fall in love. Eventually they live happily ever after.
