

# **STUDY AND DEVELOPMENT OF 2D ANIMATION MOVIE ENTITLED ‘WHO’S BESIDE CINDEE’**

Prepared by: Lu Tai Feis

## **ABSTRACT**

---

This project aims to develop a 2D animation movie entitled “Who’s Beside Cindee”. The story of the movie is about the Cindee lives with a ghost in the big house. Cindee can always communicate and play around with the ghost. One day when Cindee meet a boy then the comedy story begins. A research will be conducted on the 2d animation techniques that help the author to produce a good 2d animation. The proposed system will be developed by the selected software and the graphic will be processed with appropriate authoring tools. The proposed 2D animation movie can entertain the audience and they will not feel bored when they watching it.
