

# **STUDY THE CHARACTERISTIC OF ONLINE SYSTEM AND DEVELOP INTI MULTI PURPOSE ONLINE SYSTEM (IMPOS) FOR INTI COLLEGE**

Prepared by: Leong Kah Wing

## **ABSTRACT**

---

This project is aim to provide the solution to the applicant and student for those who want to use the INTI online services. This project includes the study on online application. Besides that, this project also includes the investigation on INTI online system. The investigation of the current system make the author comes out with the IMPOS (INTI Multi Purpose Online System) for INTIAN and all the people around the world. This project enables the student to enroll online and check their result through this website. Besides that, they also can check the map of INTI and review the college calendar online. For those who want to apply their courses, they can do that within this system.
