

# **WEB BASED VIRTUAL OFFICE FOR SMALL AND MEDIUM SCALE INDUSTRIES (SMIs)**

Prepared by: Fong See Wei

## **ABSTRACT**

---

This project evaluates the concept of virtual office and how it assists Small and Medium Scale Industry (SMIs). It analyzes the concept of organizational behavior in relation to the virtual office as well. Besides, the project will also look at the problems faced in implementing virtual office and to investigate various methods that can be used to overcome those problems. Moreover, the project will identify a list of service providers that can support the implementation of virtual office. In addition, an existing organization implementing virtual office will be selected to investigate its effectiveness. At the end of the project, a prototype of virtual office will be created.
