

# **THE DESIGN OF DIFFERENT CATEGORIES OF REINFORCED CONCRETE STAIR STRUCTURES**

Prepared by: Tai Chin Ber

## **ABSTRACT**

---

The title of my project is “The Design of Different Categories of Reinforced Concrete Staircase”. I first found out all the information about staircases through my supervisor and from library.

This project paper gives you a complete description on different types of the staircase. It introduce you the method of design for the different categories of R.C staircase. This report also contains the structure of stair and reinforcement details of the stair.

Finally I hope this project paper will be able to help you understand more about the staircases.
