

# VIBRALARM

Prepared by: Albert Leng Chan Seng

## ABSTRACT

---

The whole report will show you the description of my project Vibralarm. After reading the whole report, you will know its basic usage, its operation with clear circuit diagram, the circuit descriptions with some explanation and detailed information about its electronics components. This report also shows what engineering methods and analysis, I have applied as well as the efforts I had put to accomplish this project. Last but not least, I also want to share my learning progress and experience with you all in finishing this project. Basically, my main body of the report contains the following parts in order that are List of Illustrations, List of Photographic Plates, Introduction, Construction, Result and Analysis, Conclusion, List of References And Appendix.
