

LEAKAGE DETECTOR

Prepared by: Tee Chye Weng

ABSTRACT

The Leakage Detector, submitted as a title for the subject DEE, EGE280A, the following project report will fully describe my project, with step by step from minor issue to the most important part. In this report, I will explain the way in which I prepare all needed tools and components before going to the practical work of my project. The analysis section of this report will highlight the theoretical operation of the circuit.

This report is intended to be complete information of my project for readers. It contains sources, process, and circuit diagram.
