

AUTOMATIC HEADLIGHT DIMMER

Prepared by: Choong Kuan Onn

ABSTRACT

Have you ever heard of the latest S-Class Mercedes Benz model, W220? To give added meaning to the 'S' prefix in the new S-Class, W220 Mercedes Benz has packed it with the latest innovate features thus setting it apart from its main rivals in a big way including a new feature which is quite similar to the function of my project, the Automatic Headlight Dimmer. Throughout this report, I will explain the analysis I have obtained for this project with the superior features which even attracts the Benz Corporation to apply this trait.
