

# TARGET GAME

Prepared by: Chia Ket Shin @ Albert

## ABSTRACT

---

The main feature of this project is to provide entertainment and shared electronic knowledge to others. In the following part, I will explain the internal operation, function and detail related to the TARGET GAME. In order to give clear understanding to my project, I divided my project report to few important sections. By reading through and understand all the section step by step, you will be able to understand the principle behind my project.

- Introduction
- How circuit work
- Components of the project
- Research, problem, solution and work done through 12 weeks.
