

MOBILE PHONE SNIFFER

Prepared by: Liao Kuan Lu

ABSTRACT

In the following part, I will explain the internal operation, function and detail related to the Mobile Phone Sniffer. In order to give clear view to my project, I divided my project report to few important sections. By reading through and understand all the section step by step, you will be able to understand the principle behind my project.

- Introduction
- How circuit work
- Components of the project
- Results and analysis
- Research, problem, solution and work done through 12 weeks.
