

BUILD A SMALL SCALE MANUFACTURING PROCESS THAT PERFORM A SERIES OF HANDLING OPERATIONS

Prepared by: Lau Lee Ping

ABSTRACT

At the first and foremost in this report, I'll give some introduction related to my project, which are the material handling system and the handling devises. Secondly, I'll show the readers on how I construct this report. After that, I'll explain the objectives of doing this project to the readers, fourthly, I'll show the readers the tentative layout fourth placement of the series of handling operation that I selected to apply n this project.
