

SIMULATION MATERIALS REQUIREMENTS PLANNING (MRP) SITUATION FOR 'A' PRODUCT

Prepared by: Leong Siew Shen

ABSTRACT

The title of this project has been told by this the supervisor before; it is related to Material Resource Planning (MRP). This is one of the essential knowledge that should be posses by Industrial Engineering students. The title of the project is The Simulation of a Material Requirement Planning (MRP) Situation for 'A' Product.

This project required a lot of independent thinking since this is the first time of utilizing the MRPII software and also due to the difficulties mentioned. Furthermore, the tutorial only can be carried out in the limited time period. So, is also requires well planning to ensure that the project can be completed on time.
