

SIMULATION OF MRP II FOR MINI TORCH LIGHT

Prepared by: Melissa Tan Chea Ling

ABSTRACT

This report is written after doing the simulation of the product selected by me. The report is mainly about how I did the simulation. Introduction regarding the component in the Material Resource Planning (MRP II) and the software that is recommended by the supervisor are written in the first part of the report.

Finally, I will conclude my report with a conclusion regarding my problem faced while doing the project and feeling towards it.
