

# REDESIGN BABY CART WITH HUMAN FACTORS CONCERN

Prepared by: Teoh Yeow Tong

## ABSTRACT

---

This final report basically consists of information on the current existing baby cart available in the market now compared to my redesigned and improved baby cart with human factor concerned. This projects which has been done gone through a lot of time staking and thorough research. It would be success if the reader would understand the importance of the baby cart. As you would read in the following sections, I have tried to cover every aspect of designing a user friendly baby cart with human factor concerned and innovation.
