

REBALANCING PRODUCTION LINE IN JEMARAMAS JAYA SDN. BHD. FOR AN OPTIMUM PRODUCTION PROCESS

Prepared by: Koh Kwee Yah

ABSTRACT

The project which I have undertaken requires me to study on a production line which consists of assembly and packaging department in a furniture manufacturing company. The management of Jemaramas Jaya Sdn. Bhd. (Versalink) wants to increase the productivity of pedestals with lock and without lock. Therefore knowing the goal to achieve, I have taken the necessary steps to rectify the problems and generate a proposal to the problems.
