

SOLAR POWERED CAR VENTILATING SYSTEM

Prepared by: Ooi Jing Si

ABSTRACT

This final report contains the details of my project entitle – ‘Solar Powered Car Ventilating System’.

Inside this report, I will lead you from start to end, step by step in detail. Here are some main roads you must pass through to understand my project clearly.

Road 1 - the reason I chose this title

Road 2 - car ventilating system using solar power will be introduced

Road 3 – materials used

Road 4 – problems faced and solved

Road 5 – illustrations and diagrams
