

DESIGN AND IMPROVEMENT OF MANUAL PAGE TURNING MUSIC STAND

Prepared by: Ng Jai Yau

ABSTRACT

As the project title implied, the main purpose of the project is to design a manual page turner music stand. Currently, musicians would have to find a suitable pause in the music before they can turn the page. When this is not possible, they would have to stop playing to turn the page. The manual page turner music stand is a stand which consists of a page turner device, musicians can manually control the device by stepping the button, and the page turner will help the musicians to turn the page.
