

# **INVESTIGATION INTO THE POSSIBILITY OF USING COCONUT HUSK FIBER IN ENGINEERING**

Prepared by: Eric Loo Seng Tuck

## **ABSTRACT**

---

Investigation into the Possibility of Using Coconut Husk Fiber in Engineering is the title of my final project report. In this project, I have to use the coconut husk fiber to make and discuss something for the usage of engineering field. So, I have used coconut husk fiber to make a simple soundboard for insulating and enhancing home sound system.
