ROBOTIC OFFICE BOY

Prepared by: Lim Shau Meng

ABSTRACT

The aims of this report are to make readers know what actually is my project and what does it do. Readers may get interest in how this Robotics Office Boy to work. It acts like an office boy who carries document, etc. from one table to a desired table by following the incoming and signal. It also will detect where it should go by a control circuitry.

In addition, this report is intended to be complete information of my project for the readers. It contents sources, processes, circuit diagram, and block diagram.
