

# **AUTOMATIC ROTATING SELF-CLEANING WHITEBOARD**

Prepared by: Hong Boon Yao

## **ABSTRACT**

---

Like any other project report, this report explains the concept and the outcome of the project title, the “Automatic Rotating Self-Cleaning Whiteboard”. The content of this project report includes introduction to the project title, sketches and design of the project, the construction of both the body of the project and the circuit for the motor that rotates the whiteboard, researched information, test results, and summary of progress. The report also includes an appendix of illustration, photographic plates, circuit data sheets, and tables to give the reader a clearer understanding of the prototype. And finally, a conclusion of pros and cons of the prototype will be determined.
