

SIGNED AND SEALED ... Inti College president Tan Yew Sing shaking hands with Coventry University Pro Vice-Chancellor Professor Robert J. Pryce, while Board of Governors chairman Tan Sri Datuk Dr Haji Abdul Majid Ismail looks on.

Inti College's cost-saving programme

INTI College has just introduced the Graduate Diploma Programme which allows students to complete the final year of their degree programme at Inti College and still obtain a UK Honours degree.

For many years, Inti College has been sending students to the Universities of Coventry and Hertfordshire in the UK to complete their final year of studies.

However, on Dec 10, 1997, Inti signed an agreement with the University of Hertfordshire and on Feb 26, 1998 with Coventry University, that would enable students to complete the two universities' three-year degree programmes entirely at Inti College.

Instead of doing the final year overseas, students are required to complete two semesters at Inti College which is equivalent to the third year of studies at the universities.

Upon successful completion of all the examinations at the college, a student will be awarded a Graduate Diploma, by Inti College and a Honours Degree by the respective universities.

The arrangement with the University of Hertfordshire enables students to obtain a BA (Hons) in Business Administration and the status of students at Inti College is academically equivalent to that of students at the University.

The entry requirement for the Graduate Diploma is the Inti Higher Diploma in Business Administration

With Coventry University, the Graduate Diploma Programme enables students to obtain a B.Sc (Hons) in Computing and Information Technology.

Students can major either in Computer Science or Business Information Technology.

Professor Robert J. Pryce, pro-vice chancellor of Coventry University stated that the final year students at Inti College will be registered with the University and treated exactly like Coventry University students.

The entry requirement is the Inti Higher Diploma in Computer Science or Business Information Technology.

On March 9, 1998, Inti College signed a further agreement with the University of Hertfordshire to offer Graduate Diplomas in Accounting, Tourism Management, Economics, Marketing and Finance.

Upon completion of the above, students will also obtain a BA (Hons) Degree in the respective fields validated by the University.

Inti students awarded the respective BA (Hons) Degrees by University of Hertfordshire will be accepted for entry into their Master In Business Administration programme at the University.

Inti College president Tan Yew Sing said students can save up to RM60,000 by choosing to complete their final year at Inti College.

The first intake for the Graduate Diploma Programme is in April 1999.
