Students' fun for children

THE Stact (Student Action) Club members of INTI College Subang Jaya recently organised a visit to the Malaysian Care Children's Centre in Cheras.

The group brought along food and gifts for the children. The volunteers were greeted with shrieks of delight from the children who were happy to see the young visitors, who became their companions for the day.

The Stact Club members organised games such as "Simon Says", "Guess The Leader", "The Handkerchief Game", "Pass The Coin" and many more.

They even provided lunch in the form of food packets and or-

ange juice which the children enjoyed.

The club organises community projects very frequently.

It recently organised a week-long trip to Tanjong Karang, as part of its "Rural Service Project" during the semester break.

The purpose of this project is to provide essential services to rural folk throughout Peninsular Malaysia.

Vincent Loh, one of the volunteers at the centre said: "This is what life is all about.

"It is about choosing to use your life to touch someone else in a way that could never have been achieved otherwise," he said.
