ABOUT 50 people attended the Academy Session for Young Leaders seminar at Universiti Malaya (UM) recently.

The seminar, organised according to International Olympic Committee guidelines, was attended by officials from state and national sports associations.

Among the participants were two students from Inti College, Raymond Lon Leak Peng and Jeffrey Siah Kek Keen.

They were picked for the five-day seminar based on their strong leadership skills and knowledge of sports.

Raymond took the opportunity to meet youth leaders from other countries as well as former internationals.

"The seminar also gave us an insight on Olympic Education," added Raymond.
