

# Inti College offers scholarships for deserving students

INTI College are prepared to assist deserving young sportsmen and sportswomen with scholarships.

Inti College president Tan Yew Sing said they were not prepared to see young sportsmen and sportswomen give up due to lack of opportunities to study and train.

"In the past, we have seen many students who excelled in sports quit to concentrate on studies. Our objective is to offer them scholarships to study and train in their respective sports.

"We don't want these students to fade away due to lack of support," said Yew Sing.

Currently, Inti College, who have branches in Bandar Baru Nilai, Subang Jaya, Penang, Sabah and Sarawak, have offered scholarships to 26 young sportsmen and sportswomen in various sports like bowling, swimming, volleyball, basketball, cricket, karate, softball, wushu, squash and table tennis.

Yew Sing said that Inti College had excellent facilities and the youngsters would not have any problems in training.

Tan ... 'we want them to excel in their respective sports'

"We want them to excel in their respective sports. We want them to represent their states in national-level competitions. We hope to see them become internationals," added Yew Seng.
