

NEW FRIENDS...the children in the middle of a raucous game with their visitors.

Inti students pay a visit to Rumah Kids

INTI College Subang Jaya recently organised a Department of Business and Law (Dobal) Day with a "difference" this semester.

Held in conjunction with Valentine's Day, the staff and students of Dobal got together to "put a smile on a child" as their plan was to spend time with the children from Rumah Kids in Klang.

Much effort was put into the event and organisers also collected books, clothes and toys for the children.

The 19 children who arrived for the celebration were paired off with a "mentor" who looked after them for the rest of the day.

Besides being treated to burgers, the children also played games and got a present each.
