

# A World Class E-campus.

## INTI College

INTI College Malaysia

INTI College Subang Jaya

INTI International College Penang

INTI College Sarawak

INTI College Sabah

As a reflection of our commitment to providing the very best, we have among other things an impressive 82-acre e-campus with RM28 million IT infrastructure, RM10 million engineering labs, 4-storey Learning Resource Centre, more than 4,800 square meter computerised library with close to 1,400 PCs, 24 hour Internet access, and last but not least... an Olympic size swimming pool!

Welcome to INTI College. With five campuses nationwide, INTI has established itself as the provider of quality higher education, complete with high standard amenities. Moving with the stream of technology, an IT intelligent campus is designed for a new generation of IT challenged students around the world.

However, whilst a top notch e-campus is an important aspect of higher education today, the INTI philosophy of quality is all encompassing. At INTI College, we are truly committed to excellence in education.

In 2001, above 92% of INTI Engineering students graduated with 1st & 2nd Class Honours Degrees from leading UK universities, namely, University of Birmingham, University of Leeds, University of Liverpool

and ... many more. More than 6,000 of our American University Program students have made it to over 250 top American universities. Our degree programmes, from Computer Science to Engineering to Accounting are conducted in collaboration with prestigious universities, from Canada, the United States, UK, Australia and New Zealand.

Many of our college heads are PhD holders in their own right and they meticulously select only the best lecturers for their teams. Apart from INTI College Malaysia, our student population of over 13,000 is spread over 4 other campuses in Sabah, Sarawak, Subang Jaya and Penang.

*Need more reasons as to why INTI College is the college for you? Give us a call today. Let us convince you.*

State-of-the-art computer labs

Olympic size swimming pool
