Alumni reunion

More than 100 past and present students and teachers of Garden International School (GIS) gathered at Carcosa Seri Negara recently to celebrate the school's 30th anniversary. The reunion aimed to enhance an alumni network that will not only maintain and develop strong friendships, but also provide an avenue for business linkages and a platform for social and educational activities. More cause for celebration came with the release of GIS' results in the International General Certificate of Secondary Education (IGCSE) exams. GIS scored an overall 87% passes with A-C grades, maintaining its status among the top 5% of UK schools.

Bowled over

Sunway students made their college proud in the recent MAPCO Inter-College Games Series, securing both a gold and silver. The bowling team, led by Derrick Lim, won the title for the first time after coming in second and third in previous years. The soccer team, T-Rex, however, could not defend their title and came in second, having had only one day to practice due to exams. Meanwhile, students on the Victoria University programme visited the UMW automobile assembly plant in Shah Alam recently, as part of their final year management subjects. Students were able to see how operational management theories and concepts can be applied to the real world.

CELEBRATING 15 YEARS

INTI College Subang Jaya held a carnival recently to commemorate INTI's 15th anniversary. The food fair was a hit while the concourse area was transformed into a mini-bazaar/lea market with students and staff and other stall owners selling everything from potted plants to handmade cards, shoes and trinkets. Meanwhile in Nilai, INTI College Malaysia staff and students turned out
