"There was a time where I had to accommodate a hectic schedule of having to attend classes from Monday to Friday and then come

Friday evening, it's training up until Sunday.

"I thank God for my parents who kept me on track," she said.

Tareeka was spotted at an Indian boutique at the age of 16, and has modelled ever since.

"I was totally stunned by the opportunity and took it on just for fun. The strenuous training and strict timetable that I had to adhere to were an advantage as it helped me to become disciplined," she said.

Despite the glamorous lifestyle, Tareeka who comes from a family belonging to the law fraternity, remains focused on her ambition to be a lawyer.
