More sponsorship

Meanwhile, Sanford Stationery Products (M) Sdn Bhd and Staedtler Marketing Sdn Bhd presented goodie bags for the Comquiz 2003 here last week.

A total of RM8,000 of stationery products were presented to *The Star*. Sanford Stationery Product's product man-

ager Chan Siu Wai said that the sponsorship was part of the company's initiative to promote its products among students.

Sanford Stationery Products markets Parker pens in Malaysia.

"The tagline for Parker is to 'Aim High' and we hope the prizes would also encourage students to aim high in their academic achievements," said Chan.

Staedtler's marketing executive Chai Woon Geok said that the company has always been involved in student activities.

She added that Staedtler would like to sponsor more community projects that foster creativity and the pursuit of knowledge among children.

"Staedtler strongly supports competitions like Comquiz because it helps to imbue an interest and appreciation for computers and IT," she said.
