

INTI honoured

INTI College, the largest local private college in terms of student population, was awarded a trade achievement certificate by the United States Department of Commerce last month in recognition of its successful effort to increase trade between the United States and Malaysia.

The Certificate of Appreciation of

Achievement for Trade recognises foreign business partners, trade associations, US government agencies, and other qualified recipients, for supporting US export development and for creating opportunities for US businesses through trade.

With more than 900 students in its American Degree Programme (ADP), Inti is one of the largest in the much sought-after sector.
