Students advised to use computers academically

PETALING JAYA: Students should utilise the computer fully for academic purposes instead of just using it for games, said Acer Sales and Services Sdn Bhd Business Development Department manager Thye Wei Hong.

"Unlike the older generation, who had to go to the library to search for information, the younger generation can use the computer as a tool to access the Internet," he said at *Menara Star* yesterday.

However, he added, students should differentiate between the good and bad information available through the Internet.

Acer has pledged its support

COMQUIZ 2003

NATIONAL COMPUTER QUIZ • SCHOOL LEVEL CONTEST

Today's e-Winners, Tomorrow's e-Leaders

for the upcoming Comquiz 2003 by sponsoring four computers worth RM11,000.

The computers are two units of the Veriton model, to be presented to schools winning the grand prize and second prize, and two units of the Acer Power model, for schools winning the third and fourth prizes.

Thye said Acer was supportive of educational activities and hoped to bring IT and computer

knowledge to the next generation by sponsoring the prizes.

The deadline for submitting entries for Comquiz 2003, organised by *The Star* and the Inti Foundation, has been postponed to May 9. The preliminary round will be held on June 28 and the final on Aug 16.

For further details, call *The Star's* Marketing Services Department at 03-7967-1238/1432.
