INTI COLLEGE
Expect to surpass yourself!

"The skills and knowledge of our graduates, exceeding what is normally required of trained legal professionals, put them ahead."

INTI's law programme comes with a well-stocked law library and the best-qualified lecturers any private college can offer.

At INTI College, the strength of our Certificate in Law affords you the flexibility of a 2+1 or 1+2 arrangement with any one of our partner universities in the UK (U of Leeds, U of Northumbria, U of Hull and U of the West of England, Bristol). Furthermore, an LL.B (Hons) degree from all these universities would be fully recognised by the Legal Qualifying Board of Malaysia when it conducts the CLP examination.

So, if you intend to read law, your career path in INTI – the college with the highest enrolment of local and foreign students – is clear.
