

Timely upgrade for **INTI**

INTI College Malaysia has been upgraded to INTI International University College (INTI-UC), making it the first private university college in Negri Sembilan.

The announcement was made by the president of INTI International Education Group, Tan Yew Sing, in conjunction with INTI's 20th Anniversary Celebration and College Day.

INTI-UC president Dr Lee Fah Onn said the university college is in the midst of applying to offer 12 new programmes and is hoping to get approval before the next intake in January.

INTI College Malaysia has the highest number of accredited programmes and international students. It is the only private college in the country that has won two awards at the Private Education Night last year. Its 82-acre campus houses excellent sports and learning facilities, which reflects its commitment to promoting extra-curricular activities and quality tertiary education.

INTI-UC offers a wide range of programmes at certificate, diploma, bachelor and master's degree levels. With the 3+0 degree programmes, students can obtain degrees from its partner universities overseas. Alternatively, students may opt for twinning programmes, offer in collaboration with prestigious universities in Australia, Canada, New Zealand, Britain and the United States.

The 3+0 bachelor degree programmes (Business Administration, Marketing, Finance, Accounting, Business Information Technology, Computer Science, Multimedia Computing, Software Engineering and Network Computing) and the American Degree Transfer Programme are accredited by the National Accreditation Board (LAN). In addition, the accounting degree is recognised by ACCA and CIMA for exemptions. To date, INTI-UC has a total of 29 accredited programmes.

INTI-UC's strong industrial linkage with companies and technology partners allows

INTI College Malaysia is now INTI International University College (INTI-UC).

students to undergo industrial attachment or graduate internships. This will prepare them with marketable skills as they progress from college to the work environment.

For school-leavers who scored 6As and above in their SPM examination, INTI offers immediate approval for Merit Scholarships, which are available at INTI-UC in Putra Nilai and INTI College Subang Jaya. The value of the scholarships ranges from RM3,000 to full tuition fee waiver.

INTI-UC also offers Achievement Scholarships to needy students with good academic results and who are active in extra-curricular activities. The Sports/Special Talent Scholarships are

awarded to state or national sportsmen who have fulfilled the minimum entry criteria of a programme.

Every year, INTI sets no limit on the number of scholarships awarded because it believes that there is no limit to one's potential. Over the past years, it has awarded scholarships worth more than RM50mil to 5,270 deserving students.

This year, a total of 1,237 students received scholarships worth RM9,160,109 from INTI and its partner universities.

The INTI International Education Group has eight campuses in Malaysia, namely INTI International University College, INTI College Subang Jaya, INTI International College Penang, Genting INTI International

College, INTI College Sabah, INTI College Sarawak, Metropolitan College and PJ College of Art and Design. Two other campuses are located in Beijing, China, and Jakarta, Indonesia.
