

# Studying in the heart of KL

Students at INTI will be empowered with cutting-edge knowledge and skills that will give them an advantage in the competitive business arena.

**H**IGH-quality business programmes backed by strong industry collaboration are offered at INTI, which has established a new campus in the heart of Kuala Lumpur's business district to fulfil the educational needs of both working professionals and undergraduate students.

Through the development of career-focused knowledge, acumen and abilities, learners are empowered to meet the challenges of the global workplace.

Strategically located in Menara KH, Jalan Sultan Ismail, INTI International College Kuala Lumpur is easily accessible by road and public transport and offers a suite of business programmes at foundation, certificate, diploma, bachelor's and master's degree levels.

These include 3+0 business degree courses in Accounting, Accounting and Finance, Business Administration and Finance, which are designed in collaboration with Britain's University of Hertfordshire (UH).

Students also have the option of attending classes for the diploma in Business and degrees in Accounting and Finance and Business Administration in the evenings.

UH is an award-winning entrepreneurial university and one of the world's top 100 universities aged under 50 in Times Higher Education's World University Rankings portfolio.

The rankings are based on excellence across teaching, research, citations, industry income and international outlook.

UH scored highly for the citing of its academic research on a global scale and for its international outlook and mix.

INTI is also offering a Master of Business Administration (MBA) programme offered in

collaboration with University of Wollongong's Sydney Business School (UOW-SBS).

UOW-SBS is one of the best emerging Australian business schools, ranking fourth overall, and part of one of the best modern universities in the world (QS Global 200 Business Schools Report, QS Top 50 Under 50 Rankings 2013/2014).

A unique feature of the UOW-SBS MBA offered at INTI is that lecturers from UOW-SBS in Australia will deliver at least six out of the 12 modules in Kuala Lumpur.

Additionally, local tutors who are PhD holders will provide support to all students.

MBA students will also attend six special "master classes" delivered by UOW-SBS lecturers/local industry experts on a range of topics which address contemporary business issues such as Corporate Social Responsibility, Innovation, Entrepreneurship, Supply Chain Management, Business Risk and Change Management.

Catering to working professionals as well as traditional students, INTI offers high-tech facilities that allow students to connect and interact with their peers, instructors and employers in other parts of Malaysia and abroad – with the aim of empowering students via international exposure, innovative learning and individual development.

Among the advanced software available is Epson's Easy Interactive Tools, which enables instructors and students to highlight documents and images in various Microsoft formats on a projection screen, making presentations and lessons more compelling.
