

CAMBRIDGE A-Levels students across INTI's campuses enjoyed an overall passing rate of 96%, with 26% of them scoring 3As and above and 12% achieving 4As and above in the May/June 2013 examinations.

At INTI International University, Cheong See Mun, Chong Jiang Wei and Gan Ying Ying each obtained 4A*s to become the top scorers. Gan, formerly of SMK Bukit Mewah, Seremban, attributes part of her success to a peaceful study environment, which had enabled her to plan and organise her studies independently.

Tan Jia Gin obtained 4A*s and emerged as the top Cambridge A-Levels student at INTI International College Subang. Now pursuing his studies at University College London, Tan is grateful to his dedicated lecturers for encouraging him to go beyond his limits.

"INTI lecturers are approachable and I always seek their assistance when I need help with my studies. INTI has also contributed to my success by providing me with ample facilities and resources in an environment that is very conducive for studying," he says.

Other 4A* students are Saw Kai Xuan, Chew Mei Shien, Gan Chien Nee, Goh Wan Xuan, Jessica Lieu Jes See and Tracy Lim Cyne Jeat. Both Goh and Lim are now pursuing their studies in Nanyang Technological University, Singapore, which is ranked among the world's Top 50 universities in the prestigious QS World University Rankings. Excellent track record of high achievers

Top scorers of INTI's Cambridge A-Levels programme have moved on to pursue their undergraduate studies at prestigious universities across the world.

(IICP) were also among those who achieved excellent Cambridge A-Levels results. Vivian Khoo, Kharthik Chakravarthy, Melissa Saw, Lee Zi Thung and Esmond Chuah successfully obtained

4A*s each. Kharthik is currently pursuing his studies in mechanical engineering at Imperial College London under a JPA scholarship. "I chose to study at INTI because I was impressed by its track

record of high achievers. If it wasn't for my highly qualified and experienced lecturers, I would not have done so well," he says. His course mate, Saw, is also at Imperial College London studying

biomedical engineering.

The Cambridge A-Levels provides students with a wealth of options, from having the opportunity to gain entry into some of the best universities in the world to equipping them with life skills as they embark on their degree programmes. For students seeking a gold standard academic qualification that is recognised globally as a gateway to world-class universities, the Cambridge A-Levels programme at INTI stands out as the programme of choice.

University of Oxford, London School of Economics, University of Melbourne, National University of Singapore and The University of Hong Kong are among the top universities in the world that have accepted INTI's Cambridge A-Levels students. Many students have also been offered full or partial scholarships from these universities. Excellent academic achievements in selected A-Levels subjects can result in one full year of advanced standing at universities in the United States and Canada.
